*Sheep*

Hi, Ron:

Thanks for the Christmas schedule. It is good to see your staff getting some well deserved time off over the holidays. Our newsletter and related materials are running later than anticipated, so if they don't get out before Christmas, next year will have to do.

Just one change that we are requesting to our fee schedule. The CSBA directors, at the request of the Canadian Dorper Association, approved a check-off of \$2.00 per registration and transfer of Dorper sheep, which we will then return to the Dorper Association for breed promotion. The board approved this change effective January 1, 2003.

If you have any questions, give me a call.

Francis
